City of Vernon Mayor Hilario "Larry" Gonzales journeyed to Perris, California last month to take a first hand look at the work-in-progress on the Vernon – Southeast Mobile Technology Lab. The vehicle, which has been nearly a year in the making and is funded by Vernon, will provide southeast area residents access to new tools to bridge the digital divide. Pictured left to right: Andy Carrasco, Public Affairs Manager, East/Southeast LA Southern California Gas Company; Ron Garcia, Regional Manager, Southern California Edison; Vernon Mayor Hilario "Larry" Gonzales; Emma Hernandez, Consultant, Applied Behavioral Services For Children, Inc; and Cesar Zaldivar-Motts, Executive Director Southeast Community Development Corporation, take a look at the body infrastructure of the Vernon – Southeast Mobile Technology Lab.
